PEOPLE MANAGEMENT
SOFTWARE

MADE IN AUSTRALIA

DESIGNED AND TESTED FOR
SMALL BUSINESS

Solve your people problems

At last you can have the business you dreamed about... with everyone pulling in the same direction.

Avoid the awkward conversations

The latest performance management resources all ready for you to use.

Show people why they're there

Your values, goals, structure and job descriptions, all easy to find online.

Hire star candidates sooner

A built-in process replaces the need to trawl through CVs to find the best.

Stay clear and connected

Time to think

There's more time to be strategic when you don't need to micro-manage.

Know where you're going

With a clear road map for your business future that everyone can see.

Less talk, more action

Meeting outcomes tracked and shared for better accountability and progress.

Make real connections

Business is human. Make it easier for people to connect and engage at work.

Simplify your business

Managing people is challenging but it is less overwhelming with The H Factor.

Win the paper war

With everything you need in your own business portal you can efficiently create a productive workplace.

Relax

We have decades of experience advising founders and managers.

Make money

Your unique online management database makes it easier to scale and adds real value to your business.

Save time

We set up The H Factor with you then hand over your fully tailored online people management system.
